

BOARD OF PUBLIC WORKS AND SAFETY MEETING

August 05, 2002
TIME: 9:00A.M.

PRESENT: Mayor Gary Bailey, Bob Bostic and Herb Hunter.

Minutes were approved, motion Herb Hunter and seconded by Bob Bostic. Next meeting Tuesday, September 3rd, due to Holiday.

Jeff Smith Wastewater Superintendent gave the Board a handout on the annually costs biosolids disposal. A cost estimate from Andrew Reiger was included. Mr. Reiger's price was .03 per gallon at a price of \$72,000 for 2,400,000 gallons per year. Presently it is costing .0222 per gallon. The wastewater treatment plant takes care of this their selves.

If the wastewater had a belt press and necessary buildings the price would run around .013 for land application and .026 for landfill. Mr. Reiger did not have figures on belt press cake and would get some figures together for comparison. Belt Press and necessary buildings and special equipment would run around \$2,000,000. Approval would need to be gotten on the RSF Loan in order for this to be added in the original Bond Monies. Originally they had planned on this and had held off until they had the contract figures in on the Wastewater Treatment Plant Expansion Improvement. They do have the monies in the original RSF loan because the contract bid came in so much lower than originally figured. Darren Burkhart of HNTB gave an update on the Wastewater treatment facility improvement and the Main street sewer replacement phase 2.

Darren stated the Main street project is going very slow and will have to be extended.

Bob Bostic expressed his appreciation for the job that Tracey Davis had performed as the Mayor's Secretary and that she will be missed.

Meeting adjourned at 10:00A.M.

Minutes prepared and presented by: **L. June Ryle, Clerk-Treasurer, City of Greensburg**
