

Common Council Meeting  
NOVEMBER 6, 2001  
Time: 6:00 P.M.

Present: Mayor Gary Bailey, Ed Dwenger, Helen Gardner, Herb Hunter, David Leas and Bruce Tressler.

Minutes were approved.

Mr. Edward Culpepper Cooper was present on the Health Insurance issue for the City. Mr. Cooper stated that what the City has now is a trust insurance with two secure backers and this protects the City. Mr. Cooper ask permission to talk with the City Attorney.

Brian Long of H.J. Umbaugh and Associates was present to talk about the hydrant rental fee. Mr. Long stated the City has not had an increase in their water rates for 12 years and they are planning on doing a preliminary financial study.

Ron Bonar and Benjamin Carnahan of the Bonar group came to explain what their next step would be since the completion of their transportation priority study. They came up with four different streets, but decided that Lincoln Street from Montgomery Road to the By-pass, was the biggest priority. Full depth pavement replacement, three lanes with curbs and sidewalks, new storm sewer and run it down Barachel Lane to Gas Creek, new traffic signals and water main replaced. Total project cost \$3,350,000. Federal gasoline tax or TEA-21 fund money is available for this project if City is willing to pursue. If the City should commit to try for TEA-21 monies then the City would have to come up with local funds equaling 20% of project.

After discussion the Council decided they did not feel comfortable making a commitment at this time.

Mike Murphy gave the Council an update on the new police station progress. Project delayed slightly with the rain but overall is really ahead of schedule. Site progress meeting will be held Wednesday at 1:30 if any of the Council members care to come.
