Mr. & Mrs. Stewart stated they have called on 121 residents of the area and 120 of them have signed the petition they had, wanting to change the speed limit from 30MPH to 20MPH.

Bruce Tressler stated Mr. Stewart had talked to him at the fair about this and Bruce stated he agrees with Mr. Stewart, because it is hilly and there are no sidewalks and lots of children.

Police Chief Bill Meyerrose stated the average speed is 25MPH from doing the study.

Mayor Bailey stated that he would have the traffic committee reconvene and make a report at the next Council meeting in October.

Edward Culpepper Cooper and Beth Hall were present to report on the Cities Health Insurance. The claims are running at 56% and by taking an actuarial look at claims plus fixed cost and retention increase for 2004, Mr. Cooper advised a 10% increase in the line item for the health insurance benefits. The balance in the non-reverting fund is \$668,794.56.

David Leas asked if it would be more appropriate to change the insurance renewal date to a month prior to the deadline for preparing the city's budget.

Mr. Cooper stated that with a fully funded plan that this statement would be very appropriate, but with a partially self-funded plan, such as the city has, we would need to start over on the 12 month attachment point for claims that fall under the reinsurance contract.

Mr. T.M. Wells of Wells Valuation Services gave a presentation on fixed assets and inventory of City Hall Offices, Police, Fire and Street/Sanitation departments.

Quote of \$6,000 plus any meetings with State Board of Accounts or any other agency at \$125 hour plus reimbursable expenses. An annual update yearly at a cost of \$600 per year plus, billing per hourly rate and reimbursement for travel, meals and related expenses.
